Super Stacks Feature

Each reel in **Golden Goddess** includes large stacks of the same symbol. Before each spin, a symbol is randomly selected to fill each reel's stacks. Any symbol, except the Bonus symbol, may appear in any stack. All stacked symbol positions on a reel transform to the same symbol. The same symbol may appear in the *Super Stacks* on multiple reels on the same spin. When the same symbol appears in the stacks on adjacent reels, the potential for big wins increases.

Free Spins Bonus

Nine Bonus scatter symbols on the centre three reels trigger the on-screen Bonus picker. These symbols are only found on reels 2, 3, and 4. Choose a Bonus symbol to reveal a Goddess, Man, Horse, or Dove symbol. The revealed symbol becomes the *Super Stacks* symbol found on all reels for all spins in the Free Spins Bonus. Triggering the Free Spins Bonus awards seven free spins. The Bonus cannot be retriggered because no Bonus symbols appear on the reels during the Free Spins Bonus.

Free spins are played at the same line bet and same number of played lines as the triggering spin.

Rules

This game has a theoretical Return to Player (RTP) of 94.91%.

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far left reel.

Only highest winner paid on each payline. Line wins are multiplied by the line bet.

Coinciding wins on different paylines are added.

Wins are shown in currency.

Bonus symbols appear in reels 2, 3, and 4 only in the base game.

Regardless of the bet size, there is an award cap on any single transaction. See the payable for details. A transaction includes the results of the Free Spins Bonus plus the outcome which launched the Bonus. If the award cap is reached in the Bonus, the Bonus ends immediately irrespective of any remaining free spins.
